I haven't ever tried this, but I do know my limits.

## WORK EXPERIENCE

Instructional Designer

**Pacific Northwest National Lab** Jun. 2020 – Now

As part of PNNL's National Security Directorate, I work with stakeholders and SMEs to implement next-level, performance-based instructional assets for U.S. government sponsors, creating bespoke learning experiences that maximize retention.

Project Training Specialist

**Bechtel National, Inc.** Sept. 2018 – Jun. 2020

Applied the Systematic Approach to Training to develop innovative instructional programs in support of the construction and commissioning of the world's largest nuclear waste treatment plant. Role involved cooperative development of a diverse suite of learning programs in support of DOE O. 426.2 training programs.

Freelance Web/Graphic Designer

**Self-Employed** Mar. 2013 – Sept. 2018

As a freelance independent contractor, I worked with clients nationwide to manage websites and create compelling and engaging online content.

Senior Training Analyst

**UC Davis Health System** Apr. 2007 – Sept. 2012

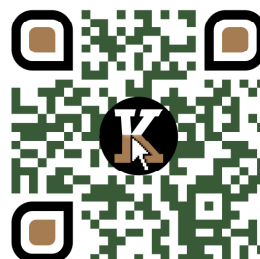

Worked as a Senior Training Analyst with all levels of university staff to create online training programs in support of over 10,000 hospital employees—in keeping with state and federal regulatory requirements. In this role, I successfully oversaw implementation of the SumTotal LMS, for which I was the on-site LMS Administrator.

Training Specialist

**LexisNexis Examen, Inc** Jan. 2001 – Apr. 2007

Created learning assets and conducted on-site training nationwide to clients and law firms in their use of proprietary web-based applications.
